

## CONUS STRIATUS FLORIDUS - VERY NICE

**KOH RACHA YAI 71.1 mm F+++/GEM -**

Quality: F+++/GEM I see no important flaws.

Collected: Collected by gypsy diver at 30 to 40 meters at Koh Racha Yai Island, S from Phuket, Thailand, December 2015.  
(w/O, NATURAL LIP)

Comments: Great specimen at a very low price for this species. Original operculum in separate bag with the shell.

40 \$, Nov 2017
