

***Cypraea turdus winckworthi*, Schilder & Schilder, 1938**

Fantastic! Super dark pattern! Hyper callus! 20.8 mm Gem Oman. It is my BEST shell on this auction. Very beautiful shell with interesting super dark pattern and colorful margina and super hyper callus. Crazy color combination. This is the most amazing and unusual turdus that I've seen. Don't miss this chance! From my personal collection. The white spots on the shell are from the camera.
