

**GLORIPALLIUM PALLIUM - VERY ORANGE & GOOD  
SIZE 67.4 mm GEM - Q0985**

Quality: GEM I see no flaws.

Collected: Collected by gypsy diver at 10 to 15 meters in rock crevice at Koh Lohm Island, SW from Phuket, Thailand, November 25th, 2015.

Comments: Perfect good size specimen with a fantastic color. Old stock as it becomes very hard to find newly found ones
