

MIMACHLAMYS SANGUINEA - SPECIAL PATTERN INABANGA 77.7 mm

Quality: GEM(-) I see no very important flaws. None are really perfect but this one is very close.

Collected: Collected by local fishermen between 15 and 30 meters off Inabanga, Bohol, Philippines, 2017. (Size from top to bottom)

Comments: A special pattern with a mix of pink and purple colors and some white.
