

Entemnotrochus rumphii (Schepman, 1879)

**PLEUROTOMARIA ENTEMNOTROCHUS RUMPHI
URASHIMA 60 mm F+++ -**

Quality: F+++ A growth imperfection on the base.

Collected: Trawled by local fishermen between 200 and 300 meters off Dongtou Island, Zhejiang Province, East China Sea, China, 2014.

Comments: Called urashima because of different more yellow color and higher top.
