

***Livonia mammilla* (G. B. Sowerby I, 1844)**

**VERY NICE LAKES ENTRANCE AUSTRALIA +/- 260 mm
F+++**

Quality: F+++ because of a growth imperfection as seen on the extra photo. Natural lip.

Collected: Taken by scallop boats at 80 to 100 meters on sand and mud bottom off Lakes Entrance, Victoria, Australia.

Comments: Perfect canal and very good lip with a nice pattern.
