

**ALGOENSIS PERMARGINATA SANFRANCISCA-  
SUPERB 19.9 mm GEM - B3096**

Quality: F+++/GEM I see no important flaws.

Collected: Cape Saint Francis, South Africa, 2002.

Comments: Awesome specimen with great pattern on the margin. Great price for this shell because this year NONE available anymore. Still in our stock. High quality specimen.

50 \$, April 2016
