

**Erosaria caputophidii -Hawaiian Snakehead Cowry Shell-  
Schilder, 1927**

**SIZE & GRADE: 23.30 & 23.71mm. Endemic Adult and  
Juvenile Gem specimens**

**LOCATION: North Shore, Oahu in 6 feet of water under  
rock**

**COMMENTS: an excellent endemic pair with two different  
and outstanding color patterns and great sculpture.  
These are about average size for the species.**
