

Zoila friendii insulata (Raybaudi, L., 1985)

Size: 80.4 mm, F++/F+++

Gerontic. One of my top 4 heaviest friendiis. On-hand, this is a freakish-looking Zoila with the inflated columella.

200 \$, Oct 2018

***Zoila friendii friendii* (Gray, J.E., 1831)**

6-8 meters, Duke of Orleans, WA.

80.4 mm
