

**Arabica asiatica gibba - TOP QUALITY THAILAND
55.3 mm GEM**

Quality: GEM I see no real flaws, just some white speckles on the margins.

Collected: Collected by snorkeling at 1 to 3 meters in heavy rock crevasses at Cape Nam Tok, Koh Tao, Thailand, March 2016.

Comments: Beautiful specimen with callous margins.

20 \$, Dec 2016
