

**CYPRAEA LAMARCKII SHARONI - WHITE FORM
MADAGASCAR 39.3 mm F+++/GEM**

Quality: F+++/GEM Because of only a few typical inclusions in the top layer but super quality for sharoni.

Collected: Collected by locals on the coast of Salary, Madagascar, 2013.

Comments: This specimen has only very few inclusions. Other than some rare exceptions, all sharoni are a little bit overcast and have some typical inclusions in the top layer.
