

**PANTHERINA - DARK REDDISH/RUSTY COLOR
NABQ 62.6 mm F+++/GEM -A1197**

Quality: F+++/GEM I see no important flaws. Just a little inclusion. Strange pattern with patches but these are not flaws.

Collected: By diver at 5 to 15 meters on reef, near Nabq, South Sinai Governorate, Egypt, 1989.

Comments: Super dark reddish/rusty pattern. Impossible to get anything from this location now, has been protected since 1992.
