

**CYPRAEA PANTHERINA - SUPER DARK RUSTY  
NABQ 66.7 mm F+++/GEM -**

Quality: F+++/GEM I see no real flaws but in bright light you could see some very, very minor less glossy spots.

Collected: Collected by diver at 5 to 15 meters on reef near Nabq, South Sinai Governorate, Egypt, 1989.  
(Since 1992 a protected area)
