

***Barycypraea caputviperae*, Martin, 1899**

FOSSIL! SUPER QUALITY! NOT POLISHED! 41.3 mm

Indonesia. Exceptional quality. This one is not polished and looks like alive. If you touch your finger to surface, you will feel a many structures in the form of veins and ribs, similar to the structure of *Cypraea capensis*. This shell is already 15 million years old, but it has a unique quality. In the world there are only a few places where you can find fossil Cowries of similar preservation
