

## SEPTIFER BILOCULARIS - SUPERB SET 12 SHELLS 29/49 mm

Quality: NO RATING Impossible to rate a Spondylus but as you can see this is a specimen of the better quality. Please judge the photos.

Collected: Collected in crab nets by local fishermen at 20 meters, off Baan Tai, Koh Phangan, Thailand, September to December 2016.

Comments: Very selected colors in this beautiful set of 12 high quality shells.
