

***Callipara festiva* (Lamarck, 1811)**

**VOLUTA FESTILYRIA FESTIVA - GREAT QUALITY
SOMALIA ± 180 mm F+++ - Q1858**

Quality: F+++/GEM I see no important flaws.

Collected: Trawled by Thai fishermen at 120 to 150 meters between Socotra Island and NE Somalia, 2002. (DRILL HOLE BUT LIVE TAKEN)

Comments: Super nice quality specimen that, despite the hole, was live taken. We know the owner that saw the shell with the animal inside.
