

**CYMBIOLA MALAYENSIS - COLORFUL BEAUTY  
TAWI TAWI ISL. 101.6 mm F+++/GEM -**

Quality: F+++/GEM I see no important flaws.

Collected: Collected by local fishermen between 35 and 45 meters off Tawi Tawi Island, Muslim Mindanao, Philippines, 2002

Comments: A very nice Pink/Orange pattern on this top quality specimen with perfect canal, spire and natural lip.
