

***Voluta musica carneolata*, Lamarck, 1811**

**GOLD FORM! Very rare. Exceptional! 52.1 mm F++/F+++  
Venezuela. Margarita Island. Exceptionally deep ORANGE  
and good sized V. musica f. carneolata. Gorgeous gold  
pattern very clear red reticulate, yellow/orange aperture  
with very mature lip. Very rare, found only in one small  
locality. Don't miss this chance!**

**Please feel free to contact me if you have any questions or  
would like more photos.**
