

***Voluta musica carneolata*, Lamarck, 1811**

Red FORM! Rare. Exceptional! 61.6 mm. F++

Isla La Blanquilla. Venezuela. One of the brightest and reddest specimen of those that I saw. Specially selected for my TOP auction. Exceptionally yellow/red and good sized

V. musica f. carneolata. Gorgeous pattern very clear red reticulate, yellow/orange aperture with very mature lip. Rare, found only in one small locality.
